# G-Tellus - Carbon -

G-Tellus-carbon- Named G-Tellus named after the earth from Roman mythology. Desk Frame shows the waves of the sea; Glass top represents the earth.

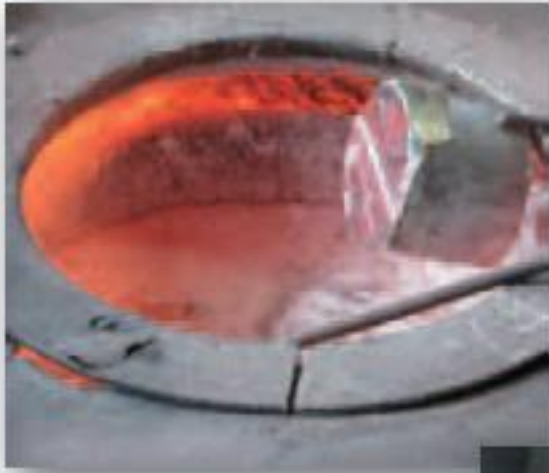

Who would have thought?  
Top frame with a three-dimensional  
stereoscopic effect.  
It makes your office meeting space or living  
room modern.

## G-Tellus - Violet Sky -

G-Tellus-violet sky- Image blue Earth, mystery of the universe.Refreshing impression would match the entrance meeting space and living.

## Aluminum casting technique

# 技

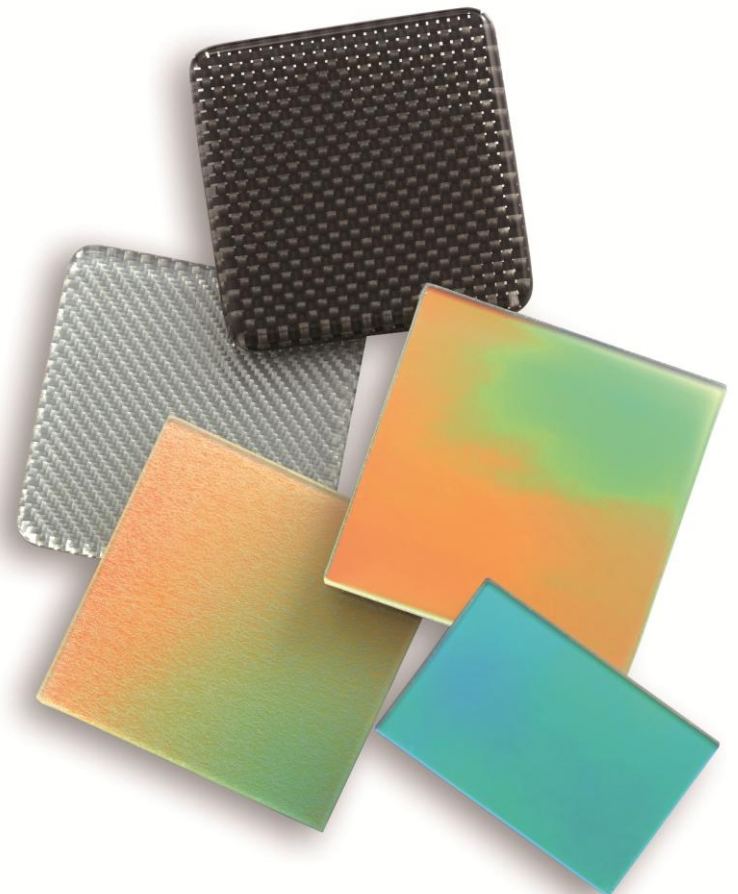

- waza -

"nfile" series is a super masterpiece craftsmen of Japan; Niigata was created. They carefully crafted all of the process. Frame and legs sand mold aluminum castings. Shine craftsman finish as casting a mirror. Glass that was cut in a water jet, was sandwiched between the art film and carbon fiber, will portray a beautiful pattern in the glass.
